

## LOCATION MAP, PARKING AND SAT NAV

There is a separate sheet to download showing a map of the town and written directions to the cottages from the M6 if you are travelling from the South.

**If you are travelling from the North**, we recommend that you take the A591 from Keswick /A66 towards Windermere. 16 miles from Keswick you will arrive in Ambleside at the mini roundabout at the foot of Kirkstone Road. Bear left there up the hill and then follow the remainder of the directions on the map sheet.

**Using SatNav?** Our postcode is **LA22 9LF**, but beware!- if you are travelling from the South your Sat Nav system is likely to recommend a right turn shortly after passing the **speed cameras** at Ings (between Staveley and Windermere). **IGNORE IT !** - that route will take you over Kirkstone Pass and down a 1 in 3 hill to the cottages!

**Instead drive straight on (A591), through Windermere and on to Ambleside. Now you can take notice of it!**

The parking diagram below is a larger version of the one on the map.

- **Cobbleholes** has the tarmac'd spaces immediately alongside the gable end of No 1 cottage.
- **Sunnybank** has **one** space - end on to the short hedge.
- **Sheepgates** has two spaces behind each other between No.2 space and our cars
